Laptop Permission Slip – 2018/19 School Year

The Academy for Academic Excellence has a laptop one-to-one program in grades 7-12, where all students use a laptop through their daily classes. Daily laptop usage is a mandatory component of the AAE curriculum. If your student has not previously purchased a laptop from our program, your student can be issued one of the school's laptops free of charge with your permission.

For the current school year, your student will receive a laptop and charger with the expectation that it is taken home, charged and ready to be used each school day. This laptop will stay with your student throughout the current school year and must be returned by May 31st for seniors and by June 7th for all other grade levels.

Please be aware that these laptops are not insured. If your student fails to return the laptop and charger, or if either are willfully cut, defaced, or otherwise damaged, this loss will be your responsibility. In addition, pursuant to the process set forth in the Education Code Section 48904, the AAE may withhold the grades, diploma, and transcripts of your student until any and all losses are paid. Please stress the importance of responsibility and care of this equipment with your student.

This agreement must be signed and returned to the school in order for a laptop to be issued to your student. By signing this agreement you agree to stress the importance of taking care of this school equipment with your child and that you will take responsibility for the cost of repairing or replacing the laptop if your student fails to return the laptop or if it is damaged.
