

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Academy for Academic Excellence

CDS Code: 36750773630837

School Year: 2024-25

LEA contact information:

Chet Richards

Principal

crichards@lcer.org

760-946-5414

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2024-25 School Year

This chart shows the total general purpose revenue Academy for Academic Excellence expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Academy for Academic Excellence is \$20,959,938, of which \$17,412,809 is Local Control Funding Formula (LCFF), \$2,679,705 is other state funds, \$44,000 is local funds, and \$823,424 is federal funds. Of the \$17,412,809 in LCFF Funds, \$1,401,271 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Academy for Academic Excellence plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Academy for Academic Excellence plans to spend \$17,683,082 for the 2024-25 school year. Of that amount, \$2,576,142 is tied to actions/services in the LCAP and \$15,106,940 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

We did not include the salary costs for our teaching staff, facilities staff, facility debt payments, CMO management fee to the Lewis Center and general classroom/office services and supplies.

Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Academy for Academic Excellence is projecting it will receive \$1,401,271 based on the enrollment of foster youth, English learner, and low-income students. Academy for Academic Excellence must describe how it intends to increase or improve services for high needs students in the LCAP. Academy for Academic Excellence plans to spend \$1,675,918 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Academy for Academic Excellence budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Academy for Academic Excellence estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Academy for Academic Excellence's LCAP budgeted \$1,712,151 for planned actions to increase or improve services for high needs students. Academy for Academic Excellence actually spent \$1,435,254 for actions to increase or improve services for high needs students in 2023-24.

The difference between the budgeted and actual expenditures of \$-276,897 had the following impact on Academy for Academic Excellence's ability to increase or improve services for high needs students:

As we exceeded the necessary contribution to our high needs students, we did not see any difference in services provided to our high needs students. We were able to utilize one time federal funding provided through ESSER to support our students and the needs originally planned in our LCAP.

2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

Goals and Actions

Goal

Goal #	Description
1	Prepare all students for post-secondary success.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
California Assessment of Student Progress (CAASPP) Math	40.95% of students showed proficiency in math as identified by the last Smarter Balanced Assessment in 2019.	39.39% of 11th grade students who took the 2021 CAASPP Smarter Balanced Math exam showed proficiency.	37% of students in grades 3-8, 11 who took the 2022 CAASPP Smarter Balanced Math exam showed proficiency.	39.93% of students in grades 3-8, 11 who took the 2023 CAASPP Smarter Balanced Math exam showed proficiency.	45% of students will be proficient in math as identified by the Smarter Balanced Assessment.
iReady Diagnostic Assessment for Math	42% of students on or above grade level 36% of students one grade level below 23% of students two or more grade levels below as identified by the EOY assessment 2021.	40% of students on or above grade level 40% of students one grade level below 20% of students two or more grade levels below as identified by the EOY assessment 2022.	44% of students on or above grade level 36% of students one grade level below 20% of students two or more grade levels below as identified by the EOY assessment 2023.	48% of students on or above grade level 37% of students one grade level below 16% of students two or more grade levels below as identified by the EOY assessment 2024.	45% of students on or above grade level 40% of students one grade level below 15% of students two or more grade levels below
On-site Benchmarks for Math	37% of students are proficient on the EOY 2021 benchmarks.	76% of students showed proficiency on their EOY 2022 benchmarks.	62% of students showed proficiency on their EOY 2023 benchmarks.	62% of students showed proficiency on their EOY 2024 benchmarks.	46% of students will show proficient on end of year benchmarks.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Enrollment in Integrated Math I by 9th grade.	77% of students enrolled in 9th grade are on track for proficiency through the integrated math pathway.	86% of students enrolled in 9th grade are on track for proficiency through the integrated math pathway.	81% of students enrolled in 9th grade are on track for proficiency through the integrated math pathway.	79% of students enrolled in 9th grade are on track for proficiency through the integrated math pathway.	85% of incoming 9th graders will be enrolled in Integrated Math I.
California Assessment of Student Progress (CAASPP) ELA	60.26% of students showed proficiency in ELA as identified by the last Smarter Balanced Assessment in 2019.	83.83% of 11th grade students who took the 2021 CAASPP Smarter Balanced Math exam showed proficiency.	54% of students in grades 3-8, 11 who took the 2022 CAASPP Smarter Balanced ELA exam showed proficiency.	54.28% of students in grades 3-8, 11 who took the 2023 CAASPP Smarter Balanced ELA exam showed proficiency.	65% of students will be proficient in ELA as identified by the last Smarter Balanced Assessment.
iReady Diagnostic Assessment for ELA	52% of students on or above grade level 26% of students one grade level below 22% of students two or more grade levels below as identified by the EOY assessment 2021.	54% of students on or above grade level 26% of students one grade level below 19% of students two or more grade levels below as identified by the EOY assessment 2022.	54% of students on or above grade level 26% of students one grade level below 20% of students two or more grade levels below as identified by the EOY assessment 2023.	58% of students on or above grade level 25% of students one grade level below 17% of students two or more grade levels below as identified by the EOY assessment 2024.	55% of students on or above grade level 25% of students one grade level below 20% of students two or more grade levels below
On-site Benchmarks for ELA	45% of students are proficient on the EOY 2021 benchmarks.	54% of students are proficient on their EOY 2022 benchmarks.	60.7% of students are proficient on their EOY 2023 benchmarks.	51% of students are proficient on their EOY 2024 benchmarks.	51% of students will show proficient on end of year benchmarks.
Early Literacy Benchmarks for K-2	61% of students are proficient on the EOY 2021 benchmarks.	52.3% of students in K-2 are proficient in reading on the EOY reading benchmarks.	38% of students in K-2 are proficient in reading on the T2 reading benchmarks.	41% of students in K-2 are proficient in reading on the T2 reading benchmarks.	66% of students will show proficiency in grades K-2 on the EOY early literacy benchmarks.
Knights Lab	New Metric 2021-2022	91% of the students serviced through RTI	98% of the students serviced through RTI	96% of the students serviced through RTI	100% of students serviced through the

		in the Knights Lab, met their academic goals.	in the Knights Lab, met their academic goals.	in the Knights Lab, met their academic goals.	RTI in the Knights Lab, will meet their academic goals.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Overall, the school's goal 1, to ensure students are successful and ready for post-secondary achievements, was successful in either meeting or exceeding expected outcomes for 2023-2024.

Actions that were fully implemented showed slight increases in the metrics assigned to monitor this goal. Assessment monitoring and intervention actions proved to be instrumental in achieving these results. Almost 100% of students serviced in the elementary intervention showed improvement and 100% of students in middle school receiving targeted intervention from the teacher on assignment showed improvement.

Support services in Kindergarten and 1st grade still need further time to assess the value of these resources for early literacy. This will be reflected in the next LCAP with close monitoring of these results.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were some differences in budgeted expenditures and estimated actual expenditures as follows:

- Action 1.12 professional development; This action was budgeted with the expectation of training from outside vendors. We were able to produce effective training through on-site experts without cost and curriculum publishers offered professional development for free.
- Action 1.15 classroom furniture; Most of the classroom furniture replacement expected was not needed. Only minor replacements were necessary.
- Action 1.16 staff laptops; Staff laptops were upgraded the prior year and will not be needed for several years.
- Action 1.21 science lab supplies; The budget for the science lab setup was minimal as the school was not able to rehab a classroom space for a new science lab.

- Action 1.33 digital citizenship; The training for digital citizenship was provided for free with lessons for teachers and students.
- Action 1.36 Education Specialist; The position for and additional Education Specialist in middle school has been difficult to fill. A teacher did not start in this position until March of 2024.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Over the three-year LCAP cycle, the effectiveness of the specific actions towards achieving Goal 1, which prepares students for post-secondary success, remained consistent with some gains.

In reviewing Year 3 Outcomes, most actions proved successful while others need more time to see progress. Both iReady and CAASPP English Language Arts exams showed improvement over the last three years. iReady reading scores exceeded the desired outcome supporting the actions for the addition of iReady Instruction in middle school, professional development, tutoring and intervention. 79% of 11th graders scoring proficient on ELA CAASPP, but we saw declines in scores from 3rd and 4th grade. We also saw a decline in early literacy which could also account for these grades lower ELA CAASPP scores. During the 2022-2023 school year, paraprofessionals were assigned to support students in 1st grade in the hopes of combating the decline in early literacy. At this time, it is too early to decipher whether this action will prove successful for literacy improvement as more time needs to be given to analyze the effectiveness of this extra support. Intervention classes in both elementary and secondary have seen improvements for students with close to 100% improvement.

iReady math showed success by meeting the desired proficiency targets demonstrating that the additional intensive instruction received from iReady is helping to close the gaps students need to access grade level standards. For CAASPP Mathematics, we saw the most significant improvement in the middle school grade cohort groups who increased in their proficiency rates from the prior year. Tutoring and intervention have influenced this improvement in elementary and middle school grades. Intervention in middle school showed a 100% increase in the growth of iReady scores. However, the addition of math intervention classes in the high school, have not shown as much success as the growth for 11th graders in math, gaining a 1% increase in proficiency from 2022 to 2023.

Overall, the school is seeing progress towards the achievement of standards and the preparation of students for post-secondary success. The school's graduation rate is at 98.9% and 65.9% of students are prepared for college as indicated on the 2023 California School Dashboard. There is still some work to do to close the gaps in reading and math at the early elementary grades to ensure these rates continue throughout the student's academic years.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The improvement in academics across the curriculum will continue to be a broad goal for AAE. There will be increased efforts to improve the consistency and frequency of early literacy assessments along with continued support within the early grades through paraprofessionals.

Along with these efforts, there will be additional professional development to support literacy. Intervention in middle school for both reading and math will be allotted more time during the school day with smaller class sizes, provided by expert teaching staff.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	Create an engaging, well-balanced experience for all students.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of students enrolled in AP courses.	58% of students are enrolled in at least one AP course. 2020-2021 enrollment used for baseline.	69% of students are enrolled in at least one AP course for the 2021-2022 school year.	70% of students are enrolled in at least one AP course for the 2022-2023 school year.	57% of students are enrolled in at least one AP course for the 2023-2024 school year.	70% of students are enrolled in at least one AP course.
Percentage of students taking their AP exam.	89% of students enrolled in AP participated in AP exams. Baseline from 2021 exam participation.	92% of students enrolled in AP participated in AP exams for the spring 2022 administration.	76% of students enrolled in AP participated in AP exams for the spring 2023 administration.	76% of students enrolled in AP participated in AP exams for the spring 2024 administration.	100% of students enrolled in AP will participate in the AP exam.
Percentage of students attending in person field trips.	0% of students attended in person field trips. 2020-2021 school year as baseline.	72% of students attended at least one in person field trip during the 2021-2022 school year.	80% of students attended at least one in person field trip during the 2022-2023 school year.	83% of students attended at least one in person field trip during the 2023-2024 school year.	95% of students will attend in person field trips.
Graduation rate as indicated on the California School Dashboard.	98% of students completed high school with a high school diploma. 2019 Rate for baseline.	100% of students completed high school with a high school diploma for the 2020-2021 school year.	99% of students completed high school with a high school diploma for the 2021-2022 school year.	99% of students completed high school with a high school diploma for the 2022-2023 school year.	100% of students completed high school with a high school diploma.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Dual Enrollment participation.	61% of students are enrolled in dual enrollment. 2020-2021 semester 2 enrollment used for baseline.	100% of seats for dual enrollment are filled.	100% of seats for dual enrollment are filled.	100% of seats for dual enrollment are filled.	100% of seats for dual enrollment will be filled.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Overall Goal 2, creating an engaging, well-balanced experience for all students, was successfully implemented fully with only a slight difference in a few action items.

AAE continues to have an excellent graduation rate and educational experiences outside of the school setting. We did notice that our AP enrollment and participation dropped in 2023-2024. From student feedback, we discovered that while AP numbers have declined, the number of students participating in dual enrollment has increased.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were some differences in budgeted expenditures and estimated actual expenditures as follows:

- Action 2.3 dual enrollment; The planned expenditure for dual enrollment was to cover textbooks. We had 100% of students enrolled and the cost of textbooks was not as expensive.
- Action 2.7 one-to-one Chromebooks; The expenditure amount for Chromebooks far exceeded what was planned. To successfully use applications, such as those associated with CAASPP and the College Board, we had to phase out our previous laptops and iPads. The damage to Chromebooks has also been excessive creating a need for replacements.
- Action 2.9 summer academy; The cost for Summer Academy was not as high as expected due to a lack of staff interest and student interest at the secondary levels.
- Action 2.12 robotics team; AAE's Robotics Team is just getting started in the spring of the 2023-2024 school year.

- Action 2.14 independent study; Students were fully back in school and there was no need for independent study.
- Action 2.16 Capturing Kids Hearts; Capturing Kids Hearts will continue to be an initiative for the school's future LCAP but the time needed for training was unavailable for the school year.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Over the three-year LCAP cycle, the school was able to maintain student engagement and provide a well-balanced experience for its population. The specific actions planned and implemented through the cycle showed the overall success through the measured metrics. In past years, the school has not had full enrollment in the high school grades. While this was due to a few different factors, one that was often repeated was the lack of sports programs. The 2023-2024 school year showed enrollment in the senior class as full for the first time ever in AAE's history. The addition of sports fields (Action 2.19) has helped to maintain the school's enrollment.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

This goal will continue for the 2024-2025 LCAP as it's still the school's desire to provide students with a well-balanced education. Effectiveness will still be measured by the college and career indicator on the California Dashboard as well as the graduation rate. We will change the metric to measure college preparatory readiness. Rather than AP enrollment and participation, we will combine AP factors, students enrolled in community college (dual enrollment) only, and the enrollment in both. After speaking with students about the decline in AP, students said they were wanting to take a guaranteed credit course for future 4-year college credit rather than taking a chance on the AP exam. Also, students are working towards completing their Associates Degree by the time they graduate high school.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	Provide safe and well-maintained facilities with positive school climate.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Student Climate Survey	36% of students feel their school is clean and maintained well as reported by the 2019 student climate survey.	72% of students feel their school is safe and well maintained according to the fall 2021 climate survey.	73% of students feel their school is safe and well maintained according to the fall 2022 climate survey.	75% of students feel their school is safe and well maintained according to the fall 2023 climate survey.	75% of students feel their school is clean and maintained well.
Suspension Rate	3.5% suspension rate as indicated by the 2019 California School Dashboard.	The Suspension Rate for 2021 has not been publicized by the California Dashboard. It will resume in the fall of 2022. According to Dataquest, the suspension rate for AAE during the 2020-2021 school year was .3%	4.2% of students received at least one day of suspension as indicated by the 2022 California School Dashboard.	5.4% of students received at least one day of suspension as indicated by the 2023 California School Dashboard.	3.1% suspension rate as indicated on the California School Dashboard.
Facility Inspection Reports	90.21% rate for facility conditions with an overall good rating as identified on the 2020 FIT.	96% rate for facility conditions with an overall good rating as identified on the 2021 FIT	99% rate for facility conditions with an overall good rating as identified on the 2022 FIT	100% rate for facility conditions with an overall good rating as identified on the 2023 FIT	95% rate for facility conditions with an overall good rating.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
		report.	report.	report.	

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Overall, the school's goal to provide well-maintained facilities and a positive school climate, met or exceeded the metrics put in place.

Actions implemented provided the necessary improvements needed on the campus to ensure the well-being and safety of its students. The addition of perimeter fencing has increased the safety for students. Both students and families reported on the most recent climate survey and public forums that this addition has increased the feeling of security and safety. Additional staffing has helped with the maintenance and improvements of the facilities.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were some differences in budgeted expenditures and estimated actual expenditures as follows:

- Action 3.2 PA system; We have been unable to find a company to install a new system but we are still pursuing leads and hope to have the installation before the 2024-2025 school year.
- Action 3.5 gym flooring; The gym flooring was replaced during the 2022-2023 school year.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The actions implemented were effective for the health and safety of students as indicated by the metrics used.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The goal will continue for the 2024-2025 LCAP to ensure all safety and facility measures are in place to provide the best experience for students. There are some future facility changes AAE needs to make to meet the expectations of its increased enrollment and staffing.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

Goals and Actions

Goal(s)

Description:

Copy and paste verbatim from the 2023–24 LCAP.

Measuring and Reporting Results

- Copy and paste verbatim from the 2023–24 LCAP.

Metric:

- Copy and paste verbatim from the 2023–24 LCAP.

Baseline:

- Copy and paste verbatim from the 2023–24 LCAP.

Year 1 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

Year 2 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

Year 3 Outcome:

- When completing the 2023–24 LCAP Annual Update, enter the most recent data available. Indicate the school year to which the data applies.

Desired Outcome for 2023–24:

- Copy and paste verbatim from the 2023–24 LCAP.

Timeline for completing the “Measuring and Reporting Results” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Copy and paste verbatim from the 2023–24 LCAP.	Copy and paste verbatim from the 2023–24 LCAP.	Copy and paste verbatim from the 2023–24 LCAP.	Copy and paste verbatim from the 2023–24 LCAP. Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

California Department of Education
November 2023

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Academy for Academic Excellence	Chet Richards Principal	crichards@lcer.org 760-946-5414

Plan Summary [2024-25]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

The Academy for Academic Excellence (AAE) exists to prepare students for post-secondary success through a relevant, rigorous college-preparatory education. AAE is an independent, direct-funded charter school. Our charter was first granted in 1997 by the Apple Valley Unified School District. AAE serves a TK-12 population of approximately 1,484 students on a 150-acre parcel of land that includes parts of the Mojave River. The demographic breakdown of the 1,484 student population is 2.6% African American, 0.5% American Indian or Alaska Native, 2.7% Asian, 1.9% Filipino, 44.8% Hispanic, 39.9% White, and 7.5% Two or More Races. Students qualifying as unduplicated are Socioeconomically Disadvantaged 43.3%, English Learners 4.4%, Students with Disabilities 11.3%, Homeless Youth 0.6%, and Foster Youth 0.2%.

AAE is dedicated to preparing students for college, ensuring they achieve excellence in their learning endeavors. Through a commitment to academic rigor, pertinent content, and teacher-led research, we have cultivated numerous exemplary practices that benefit both students and faculty alike. Graduates of our program emerge as adept communicators, equipped with robust critical thinking abilities, and embodying a sense of civic responsibility within their school and community. Upholding stringent academic and behavioral standards, we prioritize not only the mastery of subject matter but also the cultivation of a comprehensive understanding of various disciplines. At the heart of our educational philosophy lies a profound emphasis on fostering strong connections among parents, students, and our institution.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

As our staff has reflected on the California Dashboard for the 2022-23 school year, diagnostic assessments, survey data, and input from our community partners, there have been many celebrations and areas that we have focused on for improvement. We are excited about the areas that we have made improvements in and have begun to implement strategies to address some of the areas that have declined or are presented in the yellow, orange, or red indicators.

The California School Dashboard has reported that AAE has made progress in the areas of Chronic Absenteeism, English Language Learner Progress, and Mathematics Assessment compared to the 2022 data. However, the data suggests that we have had some setbacks in Suspensions and our ELA Assessment. Our graduation rate and college and career readiness are where AAE has truly shown strength with 98.9% of our seniors graduating in 2023 and 65.9% of our students meeting the classification as being prepared for college and careers.

Our chronic absenteeism has decreased by 11.5% which has been reflected as improvement, but we are still showing 19.9% of our student population who are chronically absent. This is an area of concern as we are well aware that students grow academically, socially, and emotionally when they attend school regularly. We have adopted an attendance policy that will hold our parents and students accountable for the days that they are not present at school. We have seen improvement and look forward to seeing the data represent our decreased number of chronically absent students.

Students identified as unduplicated, part of a subgroup, will receive targeted funding to enhance or improve services. While the actions outlined in this LCAP benefit all students, specific groups will be prioritized for these actions. Metrics defined in each goal will help the school monitor the effectiveness of these designated funds. According to the 2023 California School Dashboard, the following groups require these funds: Students with Disabilities performed in red for both English Language Arts and Mathematics, and Socioeconomically Disadvantaged students and English Learners performed in orange. Suspension Rates for African Americans, Socioeconomically Disadvantaged, Hispanics, and Asians, all show a need for improvement. English Learners, Students with Disabilities, and Socioeconomically Disadvantaged all show a need for improvement in Chronic Absenteeism.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

N/A

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	We engaged our parents to participate through a variety of channels, including regular communication, targeted outreach efforts, and opportunities for involvement in school activities and decision-making processes. This included our School Site Council meetings and community Town Hall.
Students	We engaged students to participate through a variety of channels, including regular Principal Advisory Meetings, climate surveys, LCER Ambassadors, and ASB Meetings.
Staff	We engaged our staff in the LCAP process by facilitating open communication channels, providing opportunities for input and feedback, and actively involving them in collaborative planning and decision-making meetings. This included, but was not limited to, monthly Staff Meetings, weekly ATM, and ALT meetings.
Community	We organized regular community forums and town hall meetings to gather input and feedback from community members. These events provided a platform for open discussion, where community partners could express their opinions, share ideas, and contribute to decision-making processes.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The adopted Local Control and Accountability Plan (LCAP) was significantly influenced by the valuable feedback provided by our educational partners through various forums including the School Site Council, Parents & Pastries monthly parent meetings, Town Hall, surveys, and board meeting comments. Through collaborative discussions and input from these educational partners, we were able to gain valuable insights into the needs and priorities of our school community. Their feedback informed the development of the LCAP goals and strategies, ensuring that they are reflective of the diverse perspectives and voices within our school community. By incorporating the input of our

educational partners, we have created a comprehensive and inclusive plan that is designed to address the unique needs of our students and promote their academic success and well-being.

All goals and actions were identified through these educational partner forums. While all families agreed that there is still room for improvement in academics (Goal 1), concerns about facilities, particularly restrooms, and school safety (Goal 3) topped the list. Students also expressed their concerns about facilities and safety through surveys and forums. The actions outlined in both goals address these areas for improvement.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Prepare all students for post-secondary success. Improve student proficiency in core subject areas (English language arts, mathematics, science, and social studies) by implementing targeted instructional strategies, providing differentiated support, and fostering a culture of high expectations and academic excellence across all grade levels (TK - 12)	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)
- Priority 3: Parental Involvement (Engagement)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

We are committed to implementing an action plan to improve student proficiency in core subject areas because we believe that academic excellence is the foundation for lifelong success. By focusing on enhancing proficiency in subjects such as English language arts, mathematics, science, and social studies, we are equipping our students with the essential knowledge and skills needed to excel academically, pursue higher education opportunities, and thrive in their future careers. Additionally, improving student proficiency in core subjects is essential for promoting equity and ensuring that all students, regardless of background or circumstance, have access to a high-quality education that prepares them for success in an increasingly competitive and rapidly changing world. Through targeted interventions, differentiated instruction, and ongoing assessment, we are dedicated to empowering every student to achieve their full potential and become lifelong learners who are prepared to contribute positively to society.

The data used to develop this goal provided a clear view of how students were performing across subject areas. Using the California Dashboard from 2023, we were able to see that some student groups were not demonstrating proficiency in ELA or math. This data also showed that specific groups faced challenges: For Math, English Learners were 78.2 points DFS, Socioeconomically Disadvantaged were 1.7 points DFS, and Students with Disabilities were 114.6 points DFS. In ELA, English Learners were 46 points DFS, Socioeconomically Disadvantaged were 16.8 points DFS, and Students with Disabilities were 90.6 points DFS. More recent data from iReady Reading and Math diagnostics showed 58% of students at grade level in reading and 48% of students at grade level in math. These data points reveal that there is a great need for continued intervention and best instructional practices.

Feedback from our educational partners supports the school's goal to improve in all academic areas. Both data and engagement have resulted in the metrics below to ensure that the school is accountable to its educational partners for improving in the areas of ELA and Mathematics thus ensuring student success throughout their school years and beyond graduation.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	CAASPP Distance from Standard (DFS) in Math	2023 CA Dashboard: All -29 DFS EL -78.2 DFS SED -1.7 DFS SWD -114.6 DFS			All -19 DFS EL -68 DFS SED +10 DFS SWD -100DFS	
1.2	CAASPP Distance from Standard (DFS) in English Language Arts	2023 CA Dashboard: EL -46 SED -16.8 SWD -90.6			EL -36 SED -7 SWD -85	
1.3	iReady End of Year Diagnostic Performance - Math Local Assessment	48% of students on or above grade level 37% of students one grade level below 16% of students two or more grade levels below as identified by the EOY assessment 2024.			58% of students on or above grade level 32% of students one grade level below 10% of students two or more grade levels below	
1.4	iReady End of Year Diagnostic Performance - Reading Local Assessment	58% of students on or above grade level 25% of students one grade level below			68% of students on or above grade level 20% of students one grade level below	

		17% of students two or more grade levels below as identified by the EOY assessment 2024.			12% of students two or more grade levels below	
1.5	Running Record Proficiency in grades 1-2 as of T2 results. Local Assessment	Running Record proficiency in grades 1-2 as of T2 2024 1st grade - 35% proficiency 2nd grade - 41.2% proficiency			Running Record proficiency in grades 1-2 as of T2 1st grade - 55% proficiency 2nd grade - 61% proficiency	

Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable: Please refer to the 2023-24 LCAP Annual Update.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable: Please refer to the 2023-24 LCAP Annual Update.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable: Please refer to the 2023-24 LCAP Annual Update.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable: Please refer to the 2023-24 LCAP Annual Update.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Academic Intervention Personnel	The school will implement evidence-based reading and math intervention programs intending to benefit all student with emphasis on student groups who are performing below standard in the areas of ELA and math as measured in M1.1, M1.2, M1.3, M1.4, and M1.5.	\$502,956.00	Yes
1.2	Assessment and Data Analysis	Data supports students in their learning as teaching staff analyze for trends and patterns, assess teaching strategies, and monitor progress. Additionally, feedback from data empowers students to take ownership of their learning. Data is necessary to facilitate continuous improvement for all students and the programs the school implements.	\$53,076.00	Yes
1.3	Academic Support Curriculum	The school will implement supplemental research-based curriculum to support adopted ELA and math curricula to help close the gaps in learning for identified student groups.	\$207,437.00	Yes
1.4	ELD Support & Curriculum	To ensure that all students have equitable opportunities to succeed academically and reach their full potential, supports need to be in place. These supports in language acquisition promote content comprehension, vocabulary development, cultural relevance, and language support across disciplines, contributing to long-term academic success.	\$12,000.00	Yes
1.5	Academic Professional Development	The school will implement ongoing professional development for teachers on instructional best practices in the areas of reading and math.	\$216,093.00	Yes
1.6	Support Personnel	All school staff contribute to student learning by providing emotional support, academic support, specialized services, health and wellness, family and community engagement, and responding to crises and emergencies. Their efforts create a supportive and inclusive learning environment where all students can thrive academically, socially, and emotionally.	\$554,375.00	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	Through an engaging and well-being experience, the school will foster a welcoming and inclusive school culture that celebrates diversity, promotes equity, and ensures all students feel valued, respected, and supported. This includes implementing initiatives to increase cultural competency among staff and students, promoting social-emotional learning, and enhancing opportunities for community engagement and collaboration to create a positive and supportive learning environment for all TK-12 students.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)
- Priority 7: Course Access (Conditions of Learning)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

The Academy for Academic Excellence exists to prepare students for post-secondary success through a relevant, rigorous college-preparatory education. To achieve this mission, we must provide opportunities to meet their individual needs and help them thrive academically, socially, and emotionally. Courses, clubs, and activities should involve integrated learning experiences that promote global-mindedness, critical thinking, and a re-defined use of technology. Providing those opportunities to our students has always been a fundamental part of AAE.

We are excited to offer these opportunities during the 2024-2025 school year. Students will expand their learning and apply their knowledge through field trips at every grade level and enrichment courses. The creation and implementation of CTE courses that apply real-life learning opportunities will be additions to our coursework to work towards this goal. Students will also be provided opportunities to help them pursue their college credits. Providing monies to offset fees for Advanced Placement exams and dual-enrollment textbooks ensures there is no obstacle for students wanting to advance their learning. AAE also provides a credit recovery program that students can complete independently to recover credits if they require support in meeting their graduation requirements.

Data from Goal 1 along with student and parent feedback was used to design this goal. Both families and students have requested field trips, enrichment courses, dual enrollment, and CTE courses in forums and surveys over the 2023-2024 school year.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Career and College Indicator	2023 CA Dashboard 65.9% of students are prepared			70% of students are prepared	
2.2	Graduation Rate	2023 CA Dashboard 98.9% of students graduate			Maintain graduation rate of 99%	
2.3	Student Climate Survey	2023-2024 Student Climate Survey Students help decide what happens at their school - 51.95% Teachers and other adults listen to ideas about the school - 52.55% Students have multiple opportunities outside of school to get involved - 83.72%			Students help decide what happens at their school - 61% Teachers and other adults listen to ideas about the school - 62% Students have multiple opportunities outside of school to get involved - 85%	

Goal Analysis [2023-24]

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Academic Enrichment	The school provides enrichment classes and field trips to all students with hands-on experiences, real-world application of knowledge, exposure to diversity, opportunities for critical thinking and problem-solving, stimulation of curiosity, development of social skills, and deeper cultural and historical understanding. These opportunities allow students to apply their in-class learning and improve their understanding.	\$253,873.00	Yes
2.2	College and Career Opportunities	It is essential to provide students with the unlimited possibilities beyond graduation. These opportunities such as college visits, dual enrollment, CTE courses, and AP courses, create an equitable and inclusive future for all students.	\$41,578.00	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	Implement comprehensive strategies to ensure a safe and secure learning environment for all TK-12 students. This includes enhancing campus security measures, providing training on conflict resolution and restorative practices, and promoting positive behavior interventions to foster a culture of respect, responsibility, and accountability throughout the school community.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 3: Parental Involvement (Engagement)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

Ensuring a safe and secure learning environment for all TK-12 students is paramount to our school's mission and values. By implementing comprehensive strategies, we aim to create an atmosphere where students can thrive academically, socially, and emotionally without fear or distraction. We believe that every student deserves to learn in an environment that fosters a sense of safety, respect, and belonging. By prioritizing safety, we are not only fulfilling our duty to protect our students but also nurturing a positive school culture that promotes student well-being and academic success. Our commitment to comprehensive safety measures reflects our dedication to providing the highest quality education and ensuring that all students have the opportunity to reach their full potential in a secure and supportive learning environment.

The data used to develop this goal provided a clear view of how students perceive their school and the behaviors that affect their educational experience. The California School Dashboard also provided data regarding suspensions, which have continued to increase and perform in red for all student groups.

Feedback from our educational partners supports the school's goal to improve behaviors and security across the school grounds. Both data and engagement have resulted in the metrics below to ensure that the school is accountable to its educational partners for improving the school environment and culture facilitating academic success and well-being for its students.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	Enhancing Physical and Personnel Security Measures	Enhancing physical and personnel security measures benefits students by ensuring their safety and security, providing peace of mind, improving attendance, fostering a positive learning environment, reducing bullying and violence, enhancing emergency preparedness, and building parental confidence. By prioritizing the well-being of students, the school can create an environment where all students can thrive academically, socially, and emotionally.	\$481,898.00	Yes
3.2	Administrative Athletic Director	The Administrative Athletic Director position has been developed to focus on supporting our administrative team in the area of behavior and attendance intervention in conjunction with the management of the athletic needs of our school. This position coordinates and manages all athletic administrative responsibilities including the scheduling of sporting events, coordination of officiating, management of coaching staff, and the coordination of the facilities to accommodate our athletic department. In addition, this role will oversee the intervention and support of our students in the areas of behavior and attendance. Supervising the Student Attendance Review Team, supporting our supervision and character development of our student population.	\$162,532.00	Yes

3.3	Promoting Diversity, Equity, and Inclusion	Capturing Kids' Hearts is beneficial to the student body because it creates a positive school climate, improves student-teacher relationships, enhances social-emotional skills, increases engagement and motivation, reduces discipline issues, enhances academic achievement, and prepares students for success beyond school.	\$90,324.00	Yes

8.846%	0.000%	\$0.00	8.846%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.1	<p>Action: Academic Intervention Personnel</p> <p>Need: The 2023 California Dashboard reported student groups EL and SED performing in orange, and SWD performing in red for ELA and orange for math.</p>	Various interventions will provide identified students with the skills in reading and math to access grade level standards. Targeted interventions to meet the specific needs of identified subgroups.	M1.1, M1.2, M1.3, M1.4, and M1.5

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Scope: LEA-wide Schoolwide</p>		
1.2	<p>Action: Assessment and Data Analysis</p> <p>Need: The 2023 California Dashboard reported student groups EL and SED performing in orange, and SWD performing in red for ELA and orange for math.</p> <p>Scope: LEA-wide Schoolwide</p>	<p>To monitor student progress in the identified subgroups, tools need to be in place through the student information system and specialized data monitoring programs. These programs provide students with the feedback necessary to help in making improvements in the learning.</p>	<p>M1.1, M1.2, M1.3, M1.4, and M1.5</p>
1.3	<p>Action: Academic Support Curriculum</p> <p>Need: The 2023 California Dashboard reported student groups EL and SED performing in orange, and SWD performing in red for ELA and orange for math.</p> <p>Scope: LEA-wide Schoolwide</p>	<p>Students who are not at grade level when entering the beginning of the current school year will need additional instruction in prior grade standards. Supplemental tools will assist students in closing these gaps and access current grade level standards. These tools specifically benefit identified subgroups.</p>	<p>M1.1, M1.2, M1.3, M1.4, and M1.5</p>
1.4	<p>Action: ELD Support & Curriculum</p> <p>Need:</p>	<p>The supports to help EL students access the adopted curriculum, also assists all other students and subgroups.</p>	<p>M1.1 and M1.2</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>The California School Dashboard shows EL progress at 42.3%. CAASPP data shows EL students are performing below standard in the areas of math and ELA.</p> <p>Scope: LEA-wide Schoolwide</p>		
1.5	<p>Action: Academic Professional Development</p> <p>Need: The 2023 California Dashboard reported student groups EL and SED performing in orange, and SWD performing in red for ELA and orange for math.</p> <p>Scope: LEA-wide Schoolwide</p>	<p>With changes in the math framework, hiring new teachers, and additional advanced programs, there is a need to ensure teaching staff has the tools to meet the needs of our identified low-performing student groups.</p>	M1.1, M1.2, M1.3, M1.4, and M1.5
1.6	<p>Action: Support Personnel</p> <p>Need: The 2023 California Dashboard reported student groups EL and SED performing in orange, and SWD performing in red for ELA and orange for math.</p> <p>Scope: LEA-wide Schoolwide</p>	<p>Identified student groups often need extra support in areas both in the classroom and outside. Whether it's academic, emotional, health, or any other need, there are staff to provide these supports.</p>	M1.1, M1.2, M1.3, M1.4, and M1.5

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
2.1	<p>Action: Academic Enrichment</p> <p>Need: Academic data from both Goal 1 for ELA and Math along with parent and student feedback have demonstrated a need for additional learning outside of the classroom.</p> <p>Scope: LEA-wide Schoolwide</p>	<p>Identified student groups show there is a need for experiences outside the classroom to better apply and understand the learning they have received. Enrichment courses and field trips help to provide these opportunities.</p>	<p>M1.1, M1.2, M1.3, M1.4, M1.5, M2.1, and 2.3</p>
2.2	<p>Action: College and Career Opportunities</p> <p>Need: Feedback from families and students demonstrates a need for continuing college and career efforts along with the addition of CTE courses.</p> <p>Scope: LEA-wide Schoolwide</p>	<p>All students will benefit from college and career actions, especially those from identified subgroups. Many students need guidance on planning their education beyond graduation. Families also need guidance on planning for their child's further education including the opportunities available to afford further education.</p>	<p>M2.1, M2.2, and M2.3</p>
3.1	<p>Action: Enhancing Physical and Personnel Security Measures</p> <p>Need: The California School Dashboard identified Suspensions as a need for improvement with the indicator in red or orange. Identified student groups show a need for improvement.</p>	<p>The safety measures put in place will benefit all students with specific attention to specific subgroups identified by the Suspension Indicator.</p>	<p>M3.1 and M3.2</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Scope: LEA-wide Schoolwide</p>		
<p>3.2</p>	<p>Action: Administrative Athletic Director</p> <p>Need: The California School Dashboard identified Chronic Absenteeism as an indicator in orange and yellow. Identified student groups show a need for improvement.</p> <p>Scope: LEA-wide Schoolwide</p>	<p>To increase attendance with a positive school climate, all students, including those groups identified, need additional support to ensure they are present and emotionally ready to learn.</p>	<p>M3.3</p>
<p>3.3</p>	<p>Action: Promoting Diversity, Equity, and Inclusion</p> <p>Need: California School Dashboard reported chronic absenteeism indicator as Yellow with 5 subgroups/race, and orange for SWD. Suspension rates were in red for SED and African Americans, and orange for Asians and Hispanics.</p> <p>Scope: LEA-wide Schoolwide</p>	<p>All students, including those in identified groups, need additional supports to build relationships both with their peers and school staff. These supports will assist students in being successful academically and socially.</p>	<p>M3.1, M3.2, and M3.3</p>

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

N/A

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

N/A

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	N/A
Staff-to-student ratio of certificated staff providing direct services to students	N/A	N/A

Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in EC sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of EC sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 . Leave blank until then.	Enter information in this box when completing the LCAP for 2026–27 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 and 2026–27 . Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action’s number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering “All,” or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type “Yes” if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If “Yes” is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
 - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
 - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
 - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
